ADB-55310-001

Developing Low-Carbon Pathways for Post-Pandemic Recovery Enabled by Transport Connectivity

Project Description

This technical assistance (TA) will support the preparation of development pathways for post-pandemic recovery at the Asian Development Bank (ADB) headquarters and in selected developing member countries (DMCs) to improve futures thinking capacities and to develop pathways for recovery in the transport sector using strategic foresight methodologies.

Project Officer Kalliokoski, Ari Pacific Department

Project contacts not available at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
