## Project Description

According to the bank's website, "the proposed TA is for policy advice and knowledge dissemination as well as other activities that can contribute to the success of Indonesia's Presidency of the Group of Twenty (G20) in 2022. It responds to a request from the Government of Indonesia and other partners for ADB assistance. ADB's support will focus mainly on the Finance Track agenda and meetings, while maintaining the ability to respond to evolving government demands and needs, including on issues related to the Sherpa Track. ADB support to the engagement and working groups under the G20 platform are also under consideration and would be highly complementary. Support to Indonesia's G20 Presidency provided under the proposed TA is expected to include strategy and policy advice, support for technical papers and briefings, support for meetings and events, and dissemination of knowledge relevant to the G20 agenda".
