Project Description

According to ADB, the project will contribute to the operational priorities by designing climate-resilient urban infrastructure to acceptable standards and coverage, including access for the poor and vulnerable; strengthening institutional capacity and improving resource mobilization of the AMC; boosting technical, procurement, and financial capacities of agencies to prepare and undertake the ensuing project; and supporting the ongoing and proposed sector and institutional reforms. During its implementation, climate change mitigation and adaptation components will be incorporated into the ensuing project design to ensure alignment with the Paris Agreement.

The Project Readiness Financing Loan will ensure high readiness of the ensuing project by achieving the following outputs, which will be realized by mobilizing consulting services for project preparation, under the supervision and coordination of the Tripura government, the UDD, the AMC, and ADB.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
