### Project Description

According to the Bank's website, the proposed Lao Cai Sustainable Urban and Infrastructure Project (the project) will upgrade public infrastructure and deploy digital technologies needed to reinvigorate inclusive tourism in Lao Cai province.

### Early Warning System Project Analysis

Improved connectivity and wider access to economic opportunities will positively impact the livelihoods of indigenous people living within proposed project areas. The community-based tourism component includes cultural heritage protection support. Potential adverse impacts are related to loss of land and structures that are owned or used by households belonging to ethnic minorities.

### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
