## Project Description

As stated by the ADB, the project consists in the design, development, construction, commissioning, operation, and maintenance of a 500-megawatt (MW) wind power project in Uzbekistan.

ACWA Power has signed an implementation agreement with the Ministry of Energy in Uzbekistan, as part of the Uzbekistan 2030 Energy Strategy, for developing, building and operating a 500MW Wind Farm in Dzhankeldy and the construction of the Dzhankeldy-Bash OHTL.

ACWA Power has since established a Project Company, 'FE ACWA Power Dzhankeldy Wind LLC' registered in the Republic of Uzbekistan with registration number 839766. ACWA Power Dzhankeldy Wind LLC has entered into a 25-year Power Purchase Agreement (PPA) with JSC 'National Electric Grids of Uzbekistan (NEGU)'. The Project will include the development financing, construction, operation and maintenance of the Wind Farm including the electrical substations. In addition, it will also include development, financing, construction and transfer of Purchaser Electrical Facilities 1 (PEF) and common electrical facilities shared with Bash 500MW Wind Farm), switchyard (with transformers) and 500/220kV pooling station.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies
