Project Description

As stated by the ADB, the proposed loan of PHP5,500,000,000 and partial credit guarantee of PHP1,100,000,000 will be a sustainability-linked facility with performance indicators on environmental and social matters. The loan proceeds will be used to finance solar photovoltaic projects in the Philippines.

The sustainability-linked facility aims to boost the renewable energy capacity of the Philippines, which has traditionally relied on coal to meet its growing electricity needs.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
