## Project Description

According to ADB, the proposed knowledge and support technical advisory project will support formulation, implementation and dissemination of operationally relevant knowledge solutions for development strategies in South Asia, particularly strategies, policies, plans, and other knowledge products and services for a green and resilient post-COVID recovery, through in-depth analysis, stakeholder consultations, and high-level policy advice. These knowledge solutions will be carried out through in-depth analysis, stakeholder consultations, and high-level policy advice. The TA will enable the Asian Development Bank (ADB) to undertake operationally relevant analytical studies on key issues and challenges faced by South Asia DMCs, using an integrated, crosscutting, thematic, and multisector approach to development that goes beyond narrow sector approaches.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
