Nagpur Metro Urban Mobility Project

Early Warning System

Nagpur Metro Urban Mobility Project

ADB-56297-001

Quick Facts

Countries	India
Specific Location	Nagpur City
Financial Institutions	Asian Development Bank (ADB)
Status	Proposed
Bank Risk Rating	A
Borrower	Government of India - Ministry of Housing and Urban Affairs
Sectors	Transport
Investment Type(s)	Loan
Investment Amount (USD)	$ 200.00 million

Project Description

According to the Bank’s website, the investment project will develop four new extension corridors comprising 43.8 km route length to further encourage modal shifts to low carbon public transport. The proposed corridors are mainly the extension of the Phase I corridors connecting the new and growing urban agglomerations of Nagpur City, including the proposed special economic zones, thereby providing public transport connectivity to the new urban areas in the city. The combined 83.8 km metro rail network is expected to cater to daily passenger trips of 590,000 by 2031 and 730,000 by 2041.

Early Warning System Project Analysis

The project is expected to be category A per ADB's Safeguard Policy Statement (2009) on account of possible health and safety impacts. Mitigation measures for all environmental risks identified for the project will be addressed through design measures and inclusion of appropriate actions in the environmental management plan and the safety, health, and environment guidelines. Consultations will be done with key project stakeholders throughout the EIA preparation and continued during project implementation. A grievance redress mechanism will be implemented under the project to address complaints and grievances.

Investment Description

- Asian Development Bank (ADB)

Ordinary capital resources: US$ 200.00 million

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
