Project Description

According to the ADB website:

The project will support the development of the Khushig Valley area as a green, resilient, efficient, and inclusive satellite city around the New Ulaanbaatar International Airport. The proposed satellite city aims to attract residents, public services, and economic activities currently overconcentrated in Ulaanbaatar, the capital city of Mongolia.

The transaction technical assistance will help the government prepare the investment project, which is a complex and multisector undertaking that requires full scale due diligence of the technical, economic, financial, social, resettlement, environmental, climate and disaster-resilience, and institutional aspects.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
