Project Description

The emergency project was prepared in response to the Government of Pakistan's request to the Asian Development Bank (ADB) on 6 October 2022 to support its post-flood recovery and reconstruction response. The project will contribute to the economic recovery of flood-ravaged provinces of Balochistan, Khyber Pakhtunkhwa and Sindh, while building longer-term resilience. It will finance the rehabilitation and reconstruction of high-priority transport (roads and bridges), irrigation, drainage, flood risk management, and on-farm water management infrastructure that were damaged by the devastating floods. The project will also support the restoration of economic productivity and livelihoods of the flood-affected rural communities. The project is part of ADB's multitiered flood response to Pakistan and was designed in close coordination and cooperation with the World Bank.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
