## Bridging the Gap Between Climate Adaptation Planning and Financing

### **Project Description**

According to the bank's website, "the knowledge and support technical assistance (TA) will enhance the capacity of selected developing member countries to identify climate adaptation investment priorities to catalyze financing for adaptation and resilience. The selected DMCs will be capacitated to translate the priorities in their national adaptation planning documents into adaptation investment plans. The TA will deliver three outputs: (i) climate adaptation investment plans developed; (ii) appraisal of climate adaptation projects improved; and (iii) regional knowledge on climate adaptation investment planning strengthened."
