## **Project Description**

As stated by the ADB, the transaction technical assistance facility will provide:

- (i) project preparation support to a series of ensuing urban sector projects in South Asia during 2023-2025, and
- (ii) capacity building and project implementation support to a series of ongoing projects.

The transaction TA facility combines the key features of project preparatory, loan-tied or associated, and capacity development TA projects, thereby enabling more efficient TA management and greater flexibility in delivering a range of solutions offered to DMCs under a single resource envelope.

### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
