Project Description

As stated by the ADB, the transaction technical assistance (TA) facility will support project preparation and renewable energy related capacity building in the Maldives. The TA will also provide support to ensure project sustainability and transfer capacity through specific training and skills-building activities as required. The TA will support preparatory work of the following projects:

- (i) Preparation of Accelerating Sustainable System Development Using Renewable Energy II (ASSURE II) Project; and
- (ii) Preliminary studies for Green Mobility Project.

Investment Description

- Asian Development Bank (ADB)

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
