Project Description

According to the Bank's website, the overall objective is to help India's Ministry of Skill Development and Entrepreneurship (MSDE) and state-level skills agencies to better position the skills system as an enabler toward improving youth employment outcomes and harnessing the untapped potential of India's youth dividend to drive the country's clean energy growth. The TA team will (i) establish baseline knowledge of the impact of clean energy, and its end-use industries, on technologies, job roles, and skills; (ii) help design skills-building initiatives to enhance youth's entrepreneurship ecosystem for better enterprise development and job creation for the green economy; and (iii) build the capacity of skills agencies to implement "green skills" by using innovative practices, technology solutions, and partnerships with private sector.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
