## Project Description

As stated by the ADB, the TA responds directly to ADB's Strategy 2030 which calls for expanding private sector operations by providing financing and promoting high standards of corporate governance, integrity, transparency, and social and environmental safeguards. The TA is also consistent with ADB's operational plan for private sector operations, 20192024, which requires ADB to promote the highest level of integrity in its operations, be disciplined and selective, and ensure that lending and investment decisions are based on a thorough understanding of the risks and that risks and rewards are balanced appropriately.

*Among the the sub-sectors stated in the technical assistance report there are: "Oil and gas transmission and distribution", and "Conventional energy generation".*

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
