## Project Description

As stated by the ADB, the project involves the design, construction, maintenance, and operation of a wind-solar hybrid renewable energy plant in Andhra Pradesh, India, to be connected to the interstate transmission system and comprising 250.8 MW of wind capacity, 435 MW of alternating current (587 MW direct current) solar capacity, and a battery energy storage system with power capacity of 173 MW and energy capacity of 415 megawatt-hours. The facilities will deliver assured power supply of 300 MW per hour during a maximum of 4 peak hours in a day and an assured minimum baseload supply during nonpeak hours to Solar Energy Corporation Limited. The project is required to be commissioned by 27 October 2026. ADB funds will only be used to finance the construction of the solar project, battery energy storage system and related infrastructure for the solar and BESS.

---

## Early Warning System Project Analysis

The ADB categorized the project E&S risks as follows:

**Environment - B**

**Involuntary Resettlement - B**

**Indigenous Peoples - C**

---

## Investment Description

- Asian Development Bank (ADB)

---

### Private Actors Description

As stated by the ADB, ReNew Energy Global PLC operates as a renewable energy company. The Company focuses on developing wind, solar, and hydro energy projects. ReNew Energy Global serves clients in India.

## Contact Information

### ADB Team Leader:

Japnit Kaur

Email: [jkaur@adb.org](mailto:jkaur@adb.org)

### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
