Project Description

The Government of Tripura received a loan through Project Readiness Financing (PRF) to develop a program for integrated, inclusive, climate-resilient, and sustainable infrastructure in the industrial sector. **The Tripura Industrial Infrastructure Sector Development Program (TIISDP)** will support Tripura's industrial infrastructure development and business environment through a well-integrated PBL component and an investment component supported by a project loan.

This project will have major impact on environment and on land of indigenous community.

Objectives:

The program is expected to have the following impact: boost the manufacturing sector's competitiveness and create new and better job opportunities. This will be achieved through improved industrial infrastructure and business environment. The proposed sector development program (SDP) will have three outputs, which include policy and investment components:

- (i) Institutional structures and mechanisms for industrial development strengthened and business environment enhanced,
- (ii) Climate resilient infrastructure and gender-responsive industrial environment built, and
- (iii) industrial estates developed and upgraded.
