Project Description

According to the Bank's website, the proposed TA will enhance DMCs' capacities and enabling environments to access climate finance, in particular Pakistan, Thailand, and selected Pacific countries; and improve responsiveness of ADB's climate finance delivery to the needs of its DMCs. The TA will employ a multi-regional approach to identify country specific climate finance needs and benefit several DMCs to the full extent possible. The TA will deliver comprehensive climate investment plans; regional roundtable discussions on climate finance methods and financing needs and priorities; tools, database, and guidance for climate policy budgeting; and knowledge products on climate finance challenges and issues and potential for MDBs to deliver climate finance solutions in the region.

Investment Description

- Asian Development Bank (ADB)

The TA financing amount is \$2,000,000, which will be financed on a grant basis by ADB's Technical Assistance Special Fund (\$1,000,000 from TASF 7 and \$1,000,000 from TASF-other sources).

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
