Project Description

According to the Bank’s website, the proposed TA is aligned with the national adaptation plan (NAP) of Thailand. The Government of Thailand's NAP is structured around geographic vulnerability mapping across a total of six sectors including (i) water, (ii) agriculture and food security (including fisheries), (iii) tourism, (iv) public health, (v) natural resources management, and (vi) human settlement and infrastructure. The proposed TA is aligned with all these six sectors with focus on item (ii). The proposed TA is also aligned with Viet Nam's NAP 2021-2030 which prioritizes the management of economic and social damages arising from typhoon, tropical depressions, and SLR that are linked to coastal communities and infrastructure.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
