Project Description

According to the Bank's website, the Government of Bangladesh (GOB) has recently launched the Bangladesh Climate and Development Partnership to drive climate actions at scale and with urgency. The BCDP is an example of country-led climate platform established to scale up implementation of climate actions and is being recognized as an important modality by the global community to deliver climate actions at scale. The TA will help the Government of Bangladesh to operationalize the BCDP as a cross-sectoral, multiyear climate action partnership, especially in setting up the BCDP structure, which includes the BCDP Coordination Board and the four Working Groups, responsible for enhancing partnership in mobilizing climate finance, accelerating policy reforms, improving capacity in developing innovative climate projects, and facilitate knowledge sharing.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
