Project Description

According to the Bank's website, the TA will support selected DMCs to enhance their recovery readiness and resilience to disasters triggered by natural hazards. Increasing disaster risk and frequency in Asia and the Pacific is having a detrimental impact on growth and development outcomes. DMCs require assistance to improve their ability to lead an effective disaster recovery process, given the increasingly complex and often compounding contexts, including the widening gender disparities, in disasters.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
