Project Description

As stated by the ADB, the proposed regional TA aims to facilitate the scale up of battery energy storage system (BESS) deployment in the ADB's DMCs to enable the high penetration of renewable energy development, achieving the climate change goals in faster pace.

The TA will work with GEAPP to boost BESS deployment in Asia and the Pacific by leveraging the synergy of collaboration under its BESS Consortium framework.

The TA is aligned with ADB Strategy 2030's Operational Priority 2 (gender) and 3 (climate change), and the ADB's Climate Change Action Plan 2023-2030. The TA is included in the 2024 pipeline of Sectors Group, SG-ENE.

The foreseen outcome is to create enabling condition of BESS scale up in the selected countries.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
