Project Description

According to the Bank's website, the technical assistance (TA) cluster aims to enhance the capacity of developing member countries (DMCs) in their ability to screen, assess, prepare, and structure sustainable bankable projects, thereby mobilizing private investments for the green transition. The Green Finance Digital Platform (GFDP) will also enable DMCs to improve project team management and make more efficient, cost-effective use of extensive knowledge base of Asian Development Bank (ADB).

The TA cluster will support the development of GFDP an artificial intelligence (AI) enabled platform to fast-track due diligence of green infrastructure projects including assessing bankability (technical, financial, legal feasibility), environmental and social safeguards, co-benefits (such as economic and climate benefits), and gender equality aspects.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
