## Project Description

As stated by the ADB, the proposed program will support private investment in the Pacific through the following: (i) a lending and guarantee envelope of up to \$80 million from Ordinary Capital Resources (OCR) of the Asian Development Bank (ADB); (ii) grants and guarantees of up to \$50 million from the Asian Development Fund (ADF) Private Sector Window (ADF-PSW) to be utilized for grants and guarantees; and (iii) technical assistance (TA) of up to \$15 million from the Technical Assistance Special Fund (TASF).

The ADB Wayfinder (Pacific) Program will support nonsovereign operations and sustainable private sector development in the Pacific. It will help to support fragile and conflict-affected situations (FCAS) and small island developing states (SIDS) approach of the Asian Development Bank (ADB) to improve the effectiveness of ADB's nonsovereign assistance and the development outcomes of developing member countries in Pacific FCAS and SIDS countries.

The Wayfinder program will complement existing initiatives focusing on increasing ADB's direct support for private financing in the Pacific.
