Project Description

According to the bank disclosure statement, The Asian Development Bank (ADB) plans to support Tajikistan by making financing more accessible and affordable for the country's growing micro, small, and medium-sized enterprises (MSMEs) through a proposed concessional financial intermediary financing initiative.

This support will expand access to financial services for the first-time MSME borrowers, promote women's entrepreneurship, advance green economy initiatives, and support artisan businesses which link tradition with local economic modernization, making communities more resilient and the economy more diverse.

It will eventually foster MSME growth, strengthening their roles in Tajikistan's economic development- a key measure of the project's effectiveness- while ensuring the long-term stability of these sectors.
