The project will support a total road length of 220.6 kilometers across six subprojects in Zamboanga City, and provinces of Zamboanga Sibugay, Basilan, and Sulu, which were identified by DPWH as priority road sections to improve regional connectivity and stimulate the local economy. The subprojects include bridge components, including a 6.5 km ocean transversing viaduct and a 1.06 km sea-crossing bridge to connect islands.
