Project Description

According to the Bank's website, the technical assistance (TA) will establish and operate the Small and Medium Size Enterprise (SME) Excellerator Program (hereinafter Program) to: (i) enhance investment readiness of SMEs for commercial financing from the Asian Development Bank (ADB) and other financial institutions, (ii) strengthen SME competitiveness, and (iii) promote foreign trade and improve export competitiveness and access to overseas markets for Uzbekistan's SMEs. The Program will address both macro- and sector-level constraints while delivering tailored solutions for export-oriented SMEs nationwide, with inclusion embedded across outreach, delivery, and monitoring. Designed as a cost-recovery knowledge and support TA, it will provide an integrated package of policy advice, capacity development, and market linkages to catalyze private sector-led growth and export diversification.

In line with the Memorandum of Understanding (MOU) signed between ADB and the Ministry of Investment, Industry and Trade (MIIT) in June 2025, the TA will deliver an integrated solution combining policy and sector reforms with SME-level acceleration and market linkages. It directly supports the Government's reform agenda outlined in Strategy Uzbekistan-2030 (Presidential Decree UP-158, 11 September 2023), the SME Development Strategy, and Presidential Decree UP-50 (19 March 2025) on enhancing SME and export support mechanisms.
