### Project Description

According to the bank's website, "the proposed TA will support the Association of Southeast Asian Nations (ASEAN) countries in developing a guideline for the introduction and operation of a Satellite-Based Augmentation System (SBAS). The TA will also assist selected countries in preparing conceptual plans for the development of related infrastructure, such as ground facilities and monitoring centers. In addition, the TA will provide capacity-building support to ASEAN developing member countries, focusing on satellite data analysis and operation of SBAS-related facilities. It will also support the development of knowledge products, including operations manual for ground facility management".

#### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

#### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
