ADB-59417-001

Developing Integrated Urban Water and Sanitation Plans and Enhancing
Local Government Capacity

Quick Facts

Countries	Bangladesh
Specific Location	Nation-wide
Financial Institutions	Asian Development Bank (ADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Government of Bangladesh
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.30 million

Project Description

According to bank's website, this technical assistance aims to assist Bangladesh in identifying gaps in service quality standards and operational sustainability in water supply and sanitation (WSS) and solid waste management (SWM) services in Pourashavas (municipalities or towns). The TA will support Bangladesh in undertaking a country diagnosis to assess the existing institutional structure and capacity of municipalities regarding service delivery and operations and maintenance (O&M;) for WSS and SWM services. The country diagnosis aims to evaluate the institutional set-up, plan for adequate and skilled human resources within municipalities, clarify roles between the Department of Public Health Engineering (DPHE) and the municipalities especially regarding O&M;, billing and collection, asset ownership, and accountability for service delivery and adopt best practices. This initiative will help develop City Master Plans for WSS and SWM' in selected municipalities that can later be translated into investment projects. The TA will support institutional capacity building for local urban institutions, equipping them to effectively implement the service delivery model proposed under this TA in both ongoing and future investment initiatives. Additionally, the TA will support ADB's proposed Cluster Towns and Coastal Towns projects.

Investment Description

- Asian Development Bank (ADB)

TA: Developing Integrated Urban Water and Sanitation Plans and Enhancing Local Government's Capacity

Technical Assistance Special Fund US\$ 300,000.00

Contact Information

No contacts available at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
