Project Description

According to bank's website, this proposed Yesil Integrated River Basin and Infrastructure Solutions (Y-IBIS) Project aims to support the Republic of Kazakhstan (the government) to reduce flood risk and strengthen climate resilience in the Yesil River basin in Akmola and North Kazakhstan regions. It will deliver the following outputs: (i) climate-resilient Yesil dam constructed; (ii) livelihood restoration and reservoir-based economic activities supported; and (iii) institutional capacity for integrated water resources management and dam safety strengthened. These outputs will result in the outcome of reduced flood risk and enhanced flood protection in the Yesil River basin.

Investment Description

- Asian Development Bank (ADB)

TA: Preparing the Yesil Integrated River Basin and Infrastructure Solutions Project

Contact Information

No contacts available at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
