### Project Description

According to the bank's website, "the proposed TA will strengthen institutional capacity within the Philippines Department of Health (DOH) and the Ministry of Health (MOH) of the Bangsamoro Autonomous Region of Muslim Mindanao (BARMM) for planning and managing health infrastructure investments. The TA will support the updating of the Philippines Health Facility Development Plan 2020-2040 (PHFDP) and will develop a detailed Health Infrastructure Investment Masterplan for BARMM. The latter will set out the investments needed to address BARMM's significant health infrastructure gaps, with a focus on the primary health care (PHC) level. The PHFDP and BARMM Masterplan draw upon burden of disease estimates, health facility gap analysis, and health service demand projections, all of which will be supported by the TA. The TA will strengthen the capacity of DOH and BARMM MOH stakeholders on quality infrastructure investment (QII) principles, embedding climate resilience and sustainability, to ensure quality, value for money, and long-term adaptability of future health infrastructure".

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
