Project Description

According to bank's website, this proposed regional technical assistance (TA) aims to support Central and West Asia DMCs in advancing inclusive, secure, and interoperable digital transformation as a driver of sustainable growth, resilience, and regional integration. The TA will provide upstream diagnostics, institutional capacity support, and investment preparation to strengthen foundational digital enablers and develop scalable, high-impact digital services. Specifically, the TA will support: (i) scoping studies and diagnostics on digital transformation, digital and data infrastructure, broadband connectivity, digital government, digital skills, data governance, and cybersecurity; (ii) institutional and regulatory support to strengthen DPI, including digital identity, digital payments, and trusted data exchange; and (iii) assessment of National Spatial Data Infrastructure (NSDI) needs and responsible adoption of emerging technologies, including artificial intelligence (AI).

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
