Project Description

According to the bank disclosure statement, this regional technical assistance (TA) supports Southeast Asia's developing member countries (DMCs) in accelerating inclusive, secure, and investment-ready digital transformation. It focuses on strengthening core digital foundations---such as connectivity, cloud and AI readiness, digital public infrastructure (DPI), cybersecurity, and data governance---while promoting interoperable digital solutions across key sectors including government services, education, health, agriculture, trade, and logistics.

Through a structured approach, the TA will help translate national digital strategies into actionable roadmaps and bankable project pipelines. It will identify and prioritize high-impact, investment-ready initiatives and advance them through pre-feasibility and preparation stages, strengthening the link between upstream analytics and downstream financing opportunities.

The TA also emphasizes knowledge generation, partnership development, and stakeholder engagement to mobilize public and private sector participation. By advancing resilient digital infrastructure, scaling DPI, and supporting interoperable applications, the project aims to enhance service delivery, foster inclusive growth, and enable scalable regional digital investments aligned with international best practices and regional frameworks.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
