Project Description

According to bank's website, the SSTA aims to strengthen ADB's strategic engagement with the Government of Malaysia in the preparation of the Country Partnership Strategy (CPS) for 2026-2030, through in-depth sectoral and thematic assessments to generate actionable insights on the country's socio-economic, political, and environmental landscape. The SSTA will facilitate targeted consultations with government and key stakeholders in identifying strategic priorities, key implementation challenges under the 13MP, and ADB's potential role in supporting these priorities. The resulting diagnostics, recommendations, and knowledge products will also contribute to regional knowledge solutions, particularly among Southeast Asia developing member countries (DMCs), to strengthen south-south cooperation.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
