Project Description

The present project relates to the Ring Fencing of Electricity Metering Services. It aims at filling the metering gap in the Cameroonian electricity industry (CEI). The project has three main components, namely: (1) Feasibility studies, (2) Drafting of regulatory texts for the deployment of smart/prepaid meters, (3) Awareness and dissemination workshop.

The principal objective of this Project is to address the metering gap in the Cameroonian Electric Industry (CEI) by supporting the national electricity regulator and private sector (SMEs consortium) through the provision of technical assistance to draft regulations and guidelines to further create and license new entities.

The main beneficiary of the project is the Electricity Sector Regulatory Agency (ARSEL). Ultimately, the project will benefit the entire population.

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at https://www.afdb.org/en/independent-review-mechanism/.
