Project Description

According to the Bank's website, the project consists of a Transition Support Facility (TSF) grant of UA 5 million to the Republic of Guinea-Bissau to finance the first phase of the Public Administration and Finance Reform Programme (PRAFP-I). PRAFP-I is the first phase of a programme-based budget support operation covering the 2024 and 2025 financial years, with an indicative budget of UA 10 million. The proposed operation is a response to the Government's request for financial assistance in the form of budget support to bridge part of the financing gap for the 2024 and 2025 financial years.

The PRAFP is a two-phase programme-based budget support operation with a single fixed tranche per phase. The programme development goal is to support public administration and economic resilience by strengthening fiscal sustainability and improving public finance management control and transparency. More specifically, the programme aims to: (i) support domestic revenue collection and public expenditure control; and (ii) strengthen public finance management control and transparency in public procurement. In doing so, it addresses the main challenges and constraints faced by Guinea-Bissau.
