Project Description

According to the Bank's website, the overall development objective of the proposed operation is to build Mozambique's resilience by strengthening debt management capacity to mitigate debt sustainability related risks, therefore enhancing economic resilience and national capacity in that area. The specific objectives is to strengthen sustainable public debt management including capacity to issue climate-related debt instruments to mobilize resources for much-needed green investments. This project will also help Mozambique implement the recommendations of the SADC Peer Review Panel on improving the country's compliance with the established regional Macroeconomic Convergence (MEC) Targets. The MEC has three primary convergence criteria (Inflation, Fiscal Deficit and Public Debt). The report puts emphasis on strengthening the capacity of national structures responsible for such and the alignment of national priorities with regional commitments, including the recommendations of the Peer Review Panel.

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at: <https://www.afdb.org/en/independent-review-mechanism/>
