Project Description

This project, implemented by the Rural Electrification Agency (REA), will be carried out nationwide with a focus on promoting technologies and business models that are emerging in Nigeria. The project aims to provide electricity to households, MSMEs and public institutions in a least-cost and timely manner. Specifically, this project has four components: Component 1 Solar Hybrid Mini Grids for Rural Economic Development; Component 2 Stand-alone Solar Systems for Homes and Enterprises; Component 3 Energizing Education; and Component 4 Technical Assistance

Investment Description

• African Development Bank (AFDB)

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at https://www.afdb.org/en/independent-review-mechanism/.
