MAINSTREAM HYDRO PROJECT

Quick Facts

Countries	Nigeria
Financial Institutions	African Development Bank (AFDB)
Status	Approved
Bank Risk Rating	U
Voting Date	2016-12-14
Sectors	Hydropower
Investment Amount (USD)	$ 53.84 million
Project Cost (USD)	$ 134.58 million

Project Description

Mainstream Energy Solutions (Mainstream) acquired Kainji Hydro Electric Plc (Kainji Plc) through a competitive bid process during the Nigeria power sector privatization in Feb 2013. Kainji Plc owns Kainji Hydro and Jebba Hydro (conventional dam hydro plants) located in the Kainji and Jebba region of the state of Niger in Nigeria. The purpose of the funding is for Mainstream to recover available capacity from a combined total of 650MW to 1,338MW over a period of five years as per the concession agreement requirements. The scope will involve a mixture of overhaul, refurbishment and repairs to the 13 turbine units of the two plants. The two plants are already connected to the grid.

Investment Description

- African Development Bank (AFDB)

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at https://www.afdb.org/en/independent-review-mechanism/.
