Project Description

The loan to the Federal Republic of Nigeria in the amount of USD 288,500,000 from the African Development Bank resources under the COVID-19 Rapid Response Facility (CRF) is to finance the COVID-19 Response Support Program, designed as a Crisis Response Budget Support (CRBS) Operation. The program results from a request of the Federal Government of Nigeria dated March 25, 2020.

The purpose of the program is to support Nigeria's efforts at fighting the COVID-19 pandemic and mitigating its socioeconomic impact on its citizens and businesses. Its operational policy objective is to support the implementation of the Government's "Integrated Policy Framework" which has a two-pronged approach -addressing the immediate health crisis and mitigating the socioeconomic impact of the outbreak. It has the following expected outcomes: (i) improved health pandemic surveillance and response to COVID-19 emergencies; (ii) enabling micro, small and medium enterprises (MSMEs) to weather the COVID-19 crisis; and (iii) protecting vulnerable households' livelihoods from the adverse impact of the pandemic. The proposed operation is strongly coordinated with those of the World Bank (WB) and International Monetary Fund (IMF).
