Project Description

The construction, operation and financing of a greenfield airport, the New Bugesera International Airport ("NBIA") under a 25 year concession located 27km from Kigali, Rwanda near the town of Nyamata (the "Project"). The NBIA will have a terminal capacity of 1.8 m passengers per year a 3,750m runway, retail, cargo, air traffic control and car parking, etc. The NBIA will serve as the main airport in Kigali in replacement of the existing Kigali International Airport ("KIA") which cannot longer support the fleet expansion. The Board approval is expected by Dec 2017, F/C is expected by Apr 2018 and construction is to be completed by the end of 2019.

Investment Description

- African Development Bank (AFDB)

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at https://www.afdb.org/en/independent-review-mechanism/.
