Project Description

The National Integrated Livestock Development Programme in Senegal -Phase 1 (PNDIES-P1) catalyses other operations being implemented by the Bank (Agro-Industrial Processing Zones, PZTA/Agropoles, PROVALE CV) and other Technical and Financial Partners including World Bank (PRAPS project), IsDB (PDEPS-SN project) and IFAD (PADAER 2 Project). Specifically, the project will identify and implement the necessary synergies with projects in the agro-industrial processing zones, particularly the PZTA-North, whose livestock sector will be given priority. The operating strategy of PNDIES-P1 is based on increasing the numerical (quantitative) productivity and weight yields of herds and flocks which will be reflected in higher levels of production that will strengthen the targeted value chains including the processing of, and market access for animal products. PNDIES-P1 is organised around the following three components: (i) Productivity and animal production; (ii) processing, marketing of animal products and professionalisation of actors; and (iii) project coordination and management. The total project cost is estimated at EUR 78.60 million (XOF 51.56 billion), net of taxes and customs duties.

The PNDIES-P1 sector objective is to contribute to the development of competitive, climate-resilient and job-creating value chains for youth and women. This objective is broken down into 3 specific objectives: (i) Sustainably increase productivity and animal production; (ii) Improve animal product processing and marketing; and (iii) improve actors' professionalisation.

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinto@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at: <https://www.afdb.org/en/independent-review-mechanism/>
