

 Early Warning System

AFDB-P-TD-AB0-005

CHAD - Project to Support Rural Infrastructure Development and the
Promotion of Agricultural Value Chains (PADIR-CVA)

Quick Facts

Countries	Chad
Specific Location	Mayo Kebbi Est region (Ere and Komi cantons)
Financial Institutions	African Development Bank (AFDB)
Status	Approved
Bank Risk Rating	A
Voting Date	2024-12-16
Borrower	Government of Chad - Ministry of Finance
Sectors	Agriculture and Forestry
Investment Type(s)	Grant
Investment Amount (USD)	\$ 11.30 million
Project Cost (USD)	\$ 11.73 million

Project Description

According to the Bank's website, the project goal is to sustainably increase cereal productivity and output by setting up irrigated areas and promoting the development of agricultural value chains. In particular, the project aims to increase rice production through irrigation to overcome climate hazards and contribute to reducing food insecurity in Chad. The site will be in the Mayo Kebbi Est region, more specifically in the Ere and Komi cantons.
