Project Description

According to the Bank's website, this project is an important contribution to the implementation of Togo's National Development Plan, which is the benchmark for all Government actions aimed at promoting the country's economic and social development. This is a grant from the African Water Facility (AWF) Special Fund in an amount not exceeding EUR 1,250,000 for the Togolese Republic. Its implementation will make it possible for ten (10) urban centres, distributed in four of the five regions of Togo, to have a programme and a favourable framework for investment in the area of sanitation with the option of reclaiming its by-products to strengthen food security, employment opportunities and, in sum, economic and social welfare. The project includes both a catalytic component and an investment project preparation component. It covers two of the AWF's four strategic priorities, namely: (i) project preparation and promotion; and (ii) catalytic investments. Activities are organised around three components, namely: (1) Improvement of the sanitation value chain in Sokode and its environs; (2) Preparation of SMPs and investment projects with a view to scaling up the TTS to 9 urban centres; (3) Project management. The expected duration of the Project is 24 months from the date of effectiveness of the Grant Agreement.

The objective of the project is to improve the living conditions of the urban communities of Togo. The specific objectives are to: (i) provide effective sanitation services; and (ii) prepare the investments needed to provide citywide inclusive waste management services.

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at: <https://www.afdb.org/en/independent-review-mechanism/>
