Status	Approved
Bank Risk Rating	U
Voting Date	2018-12-14
Borrower	GOUVERNEMENT DE GUINEE
Sectors	Infrastructure, Transport
Investment Type(s)	Grant
Project Cost (USD)	$ 1.04 million

Project Description

The preparatory activities for the project is to build a multipurpose deepwater port in the Northwest region of the country. This project aims to improve the competitiveness of Guinea's mining products, in particular bauxite, and is also of vital importance for the development of West Africa due to the reinforcement of intra-community trade which will be induced.

The project feasability study is conducted to:

(i) formally identify the optimal site for the development of a deepwater port in the North-West region of Guinea;

(ii) determine the technical and economic feasibility, financial and socio-environmental of the construction of the said port;

(iii) design and size the future port platform at APS level;

(iv) formulate recommendations with regard to managing the environmental and social impact of the planned developments.

Task Manager: CODO Pamphile Stanislas, PICU3 / no contact details provided at the time of disclosure

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at https://www.afdb.org/en/independent-review-mechanism/.
