Project Description

DESCRIPTION

1. Analysis of trends in throughput rate, dropout rate, repetition rate, completion rate, graduate rate and other relevant indicators, at qualification and programme levels, at each of the different HEIs, since 1994. 2. Projections on enrolment, throughput, repetition, dropout and completion rate (graduates) using statistical techniques and different scenarios, to 2030 (disaggregated by institution, and key qualifications and programmes). 3. Barriers and enablers for access and completion at HEIs, and recommendations on how barriers could be overcome. 4. Development of an education planning software package that could be used at institutional and departmental levels to support management and planning. Such a model should have reporting capabilities and be compatible with HEMIS and VALPAC. 5. An evaluation of the feasibility of key NDP targets, based on different sets of assumptions.

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at <https://www.afdb.org/en/independent-review-mechanism/>.
