Project Description

According to bank provided information, the Zambia Emergency Food Production Facility (ZEFPPF) is a stand-alone emergency project to mitigate the impacts of the Russia-Ukraine conflict on agriculture and food security in Zambia. This is an African Development Fund (ADF) Loan of Ten Million and Seven Hundred Thousand Units of Account (UA 10,700,000) within the framework of the African Emergency Food Production Facility (AEFPF). The project will improve availability of certified seeds and fertilizer to 45,000 emergent farmer beneficiaries (50% female) using Innovative ICT platforms through private sector-based distribution channels. It has four components: (i) Deliver Certified Seeds and Fertilizer Farmers; with Post-Harvest Management and Market Development, using innovative ICT platforms; (ii) Provide Financing and Credit Guarantees for Large-scale Supply, Wholesalers, Aggregators and Agro-Dealers of fertilizer; (iii) Developing Agriculture Policy Dialogue and Reform Mechanisms; (iv) Programme Coordination and Management. The Ministry of Agriculture (MoA) will be the Executing Agency (EA), over a period of two (2) years.

The principal objective is to build resilient farming livelihoods and increase food and nutrition security in the face of the Russia-Ukraine conflict. The four subobjectives are: (i) To improve availability of certified seeds and fertilizer for a one-hectare plot to 45,000 emergent farmer beneficiaries (50% female) using Innovation and ICT platforms and based on the existing private sector-based distribution channels. (ii) To improve affordability of certified seeds and fertilizer to beneficiary farmers (women and youths) through smart subsidies (50%) delivered through an electronic platform that enhances transparency, accountability and sustainability. (iii) To improve efficiency and productivity through strengthening of extension systems for promoting TAAT based good agricultural practices and climate smart agriculture; (iv) To support Government's commitment and implementation of agriculture and trade policy reforms that create enabling environment to support market-led input distribution and import and export markets.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.afdb.org/en/disclosure-and-access-to-information/request-for-documents>. Under the AfDB's Disclosure and Access to Information policy, if you feel the Bank has omitted to publish information or your request for information is unreasonably denied, you can file an appeal at <https://www.afdb.org/en/disclosure-and-access-to-information/appeals-process>

ACCOUNTABILITY MECHANISM OF AfDB

The Independent Review Mechanism (IRM), which is administered by the Compliance Review and Mediation Unit (CRMU), is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an African Development Bank (AfDB)-financed project. If you submit a complaint to the IRM, it may assist you by either seeking to address your problems by facilitating a dispute resolution dialogue between you and those implementing the project and/or investigating whether the AfDB complied with its policies to prevent environmental and social harms. You can submit a complaint electronically by emailing crmuinfo@afdb.org, b.kargougou@afdb.org, b.fall@afdb.org, and/or s.toure@afdb.org. You can learn more about the IRM and how to file a complaint at: <https://www.afdb.org/en/independent-review-mechanism/>
