### **Project Description**

This project provides financing to Al Subh Solar Power S.A.E for the development, financing, construction, testing, commissioning, operation and maintenance of a 50MWac solar PV power plant located in Benban Solar Park.

This project is part of the larger Egypt Round II Solar PV Feed-in Tariffs Program, consisting of 11 photovoltaic solar power plants, 9 x 50MWac and 2 x 20MWac, all to be located in the Benban Solar Park near Aswan, with an aggregate power generation capacity of 490MWac. The solar power plants will be developed by different sponsoring companies and all output generated will be sold to the Egyptian Electricity Transmission Company (EETC) under a 25-year Power Purchase Agreement.

This project will apply the IFC's Policy on Environmental and Social Sustainability, including the relevant Performance Standards.

#### **Investment Description**

- Asian Infrastructure Investment Bank (AIIB)
- International Finance Corporation (IFC)
- Multilateral Investment Guarantee Agency (MIGA)

The Project cost is up to US\$70-75 million. The Bank is considering a senior loan of up to \$17.5-19 USD million. The Project will be co-financed by IFC and other lenders for up to \$41 USD million, and the balance will be covered by equity.

## **Private Actors Description**

The Project is being developed by Al Subh Solar Power S.A.E. (the Borrower), a special purpose vehicle owned by a joint venture between Acciona Energía Global (50%) and Enara Bahrain (50%) (consisting of Swicorp, KCC Corporation and the Shoaibi Holdings).

#### AIIB OVERSIGHT MECHANISM

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides "an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB's failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes." Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html.
