<b>Bank Risk Rating</b>	B
<b>Borrower</b>	Government of Nepal
<b>Sectors</b>	Infrastructure, Law and Government
<b>Investment Amount (USD)</b>	\$ 150.00 million
<b>Project Cost (USD)</b>	\$ 300.00 million

### Project Description

According to the bank document, "the proposed project will support Nepal's urban development through a bi-pronged approach of: (i) financing strategic infrastructure investment; and (ii) providing institutional and capacity development support to the participating Urban Local Governments (ULGs). The project consists of three components:

**Component 1: Municipal Infrastructure Investment.** Strategic infrastructure investments, including improvements in municipal roads, storm water drainage, drinking water supply, wastewater, and solid waste management.

**Component 2: Institutional Capacity Development.** Capacity building to strengthen participating ULGs as well as provincial and federal governments in strengthening their institutional capacity for improved design, supervision, operation and maintenance of municipal infrastructure investments.

**Component 3: Project Management, Coordination and Monitoring.** This will provide technical assistance to strengthen the capacity of a Project Coordination Office (PCO) and Project Implementation Units (PIUs) for managing and coordinating project activities.

The project will include 17 participating ULGs in the Eastern-Terai Cluster (9): Birtamod, Damak, Uralabari, Sundarharaicha, Mechinagar, Itahari, Rajbiraj, Triyuga and Dhankuta in Provinces 1 and 2; and the Central-Hill Cluster (8): Pokhara-Lekhnath, Byas, Putalibazar, Baglung, Shuklagandki, Tansen, Ramgram and Tilottama in Provinces 4 and 5."

## Investment Description

- Asian Infrastructure Investment Bank (AIIB)

Co-financing:

World Bank US\$ 150 million

## ACCOUNTABILITY MECHANISM OF AIIB

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides “an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB’s failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes.” Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html>.

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html>.
