Serbia: Emergency Assistance to Public Health Sector in Serbia

Project Description

According to the bank website, the proposed Project aims to provide support to improve protective measures in hospitals in Serbia. Activities under the Project will cover, but not be limited to, the procurement of medical supplies, medical and personal protective consumables, medical equipment (i.e., monitors and ventilators), reagents, COVID-19 tests, medicines for treatment, etc.

Since the time of initial disclosure of this project, information about this project is no longer on the AIIB website.

ACCOUNTABILITY MECHANISM OF AIIB

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides "an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB's failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes." Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html.

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html.
